

Composites Course schedule 2012

We currently provide the most extensive and comprehensive range of composites short courses in the UK. The courses have been developed over a number of years and are continually kept up to date with current theory, practices and materials.

Course Code	Title	Provisional Course Date
CT00	Trimming of Composites	18–20 Jul 2012
CT10	Wet lay up laminating	14-18 May 2012
CT20	Pre preg Laminating Stage 1	27 Feb–2 Mar 2012 12-16 Nov 2012
CT30	Pre preg Laminating Stage 2	5-9 Mar 2012 19-23 Nov 2012
CT40	Repair of Composites*	15-20 Apr 2012 1-5 Oct 2012
CT41	Composite materials and processes for Eng	6-10 Feb 2012 11–15 June 2012 22-26 Oct 2012
CT50	Introduction to Blade inspection	18-19 Jan 2012 21-22 March 2012 16-17 May 2012 18-19 July 2012 26–27 Sept 2012 21-22 Nov 2012
CT55	Wind Energy Competent Technician	21-24 Feb 2012 22-25 May 2012 11-14 Sept 2012 13-16 Nov 2012
CT56	Wind Energy Advanced Technician	16-20 April 2012 8-12 Oct 2012
CT57	Wind Energy Master Technician	TBA
CT60	Resin Infusion	18-21 June 2012 17-21 Sept 2012

2-Day courses

The 2 day courses are aimed at people and companies that wish to become involved in blade inspection and repair. At the end of each course, delegates should feel confident in having the basics to begin looking at the issues related to blades. Courses are from £500 excluding VAT.

5-Day Courses

This suite of courses is aimed at training personnel for the composites industry. These 4/5 day courses are intense, in depth and follow industry practice throughout. The courses are designed to give personnel the understanding and basic skills to develop in the workplace. They are suitable for beginners through to skilled technicians to engineers. Course fees are typically from *£1000 plus VAT.
